Dedication

That bouncing, determined
Step in the hall - it
Gives a clue to the
Personality of its
Owner. . .He's
Lively and vivacious--and
Busy, always busy.

Teaching is
Guiding and influencing young
Lives. And you, sir, have
Guided well. Under your
Personal explanation, the
Intricacies of Chemistry, of
Biology, and of Agriculture
Have become easy to
Understand.
In your class,
There are not many
Set rules--we give the
Obedience you expect
Simply because you
Do expect it.
And when the grades come
Out, we know that from
You we have
Received what we deserved--no
More; no
Less.

Sir, for the very

Fine job you have

Done as WITMARSUM

Photographer, and for the

Inspirational example you

Have given as

Teacher; we

Thank you.

To you, Mr. Culp, we

Dedicate this

Book.

Superintendent's Message

Recorded within this book appear some of your achievements. We sincerely hope they are fore-runners of a greater measure of success. Upon the pages of this book are pictures of many of your friends who have come to mean much to you because of their fragrant Christian life. As you advance in years, you will realize more and more the wholesome contribution you have made to one another.

On some pages you will recognize the portraits of some of your teachers. They have served you faithfully. At times they have earnestly presented petitions at the Throne of Grace in your behalf. In short, your parents, teachers, and friends have invested much so that you life may be rich in the service of the Lord.

May the Lord abundantly bless each of you with a fruitful life.

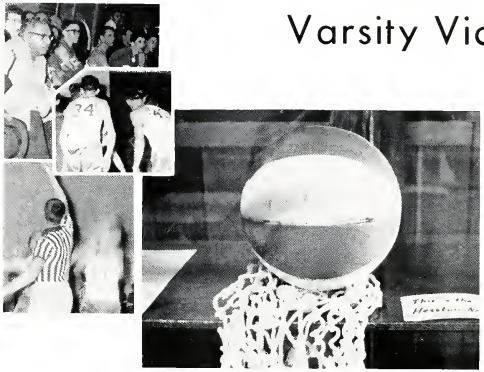
Why events from the
Year 1959-'60?
Why, because our
Book must be
Sent to the company
By the middle of
February. Those
Events from February to
June are not then
Covered.
We think that you'd
Like to know what
Happened then--
That you'd like to have
A record.
So we include the
Following events.

Varsity Victory Tour



"Varsity Victory Tour"
Eight wins; no

Track Meet

To participate in track events
Is to learn
Teamwork.
To win gracefully is very easy, for
To win is to be on
Top of the World
To lose gracefully is a difficult task, but
One that must be learned.

Track -- to run, to jump, to
Throw.
To compete, and to gain a
Sense of accomplishment.

"On your mark for the mile." . .Carl Ropp, who won this race, was a single-event winner. Track honors went to Dale Yoder, triple-event winner, and Dave Miller, double-event winner.

Girls hand-off in the 440 yard relay. they didn't win this relay, the Senior ere track winners with their 28 points.

Bob Brenneman makes a 17 1/3 foot leap in the broad jump event. His blue ribbon helped the Junior boys captured the track crown with their 74.7 points.

The line-up of pretty lads and lassies . . . just befor banquet.

Stars, stars, stars.
Blue ones, white
Ones--some with
Silver spray.
So much wire-- and
String. Each star
Threaded and hung
In its place.

Locked gym doors,
Many nights of
Work by
Close-mouthed Juniors.
Many days of
Traditional prying by
"Snoopy" Seniors.

And then, the
Big Night.

Never-forgotten will be the
Date, the mood, the
Flickering candlelight,
"Hundreds" of
Gently-swaying stars --
And outside, the
Rain.

In a Stairway-to-the-Stars atmosphere, Alfonso Valtierra and Janice Jo Hershey make a last-minute check.

On the way to the stars, there is a shady nook where one may rest awhile . . . it was sprinkling as you Junior boys gathered this grass -- remember?

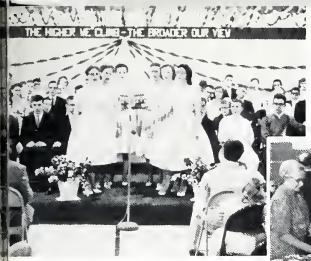
Commencement Activities



As the Senior Sextet sings at the Class Night program, we realize that all our high school days become history.

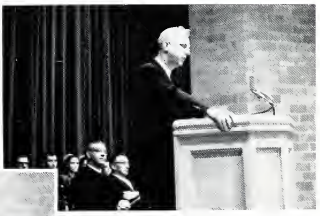
Following the Baccalaureate Service, the Graduates' Reception was held in the College Student Lounge.

There comes a time . . .
For the '60 Seniors it
Came on Friday,
May 27.

For you, too, there will come a
Time. And perhaps you'll
Say . . .
"This year is MY commencement.
I cannot believe my
High School days are
Over; I cannot
Believe they are but
Memories. Oh -- all too
Quickly is history
Made!"

And then, O
Friend, when comes
Your time; Place your
Hand in God's -- you
Cannot stumble
Then, for "He'll be
With you every
Step of the
Way."

Carl Kreider gives the Commencement Address.



Leah Beachy, Valedictorian of the Class of '60, receives her diploma from Superintendent Steiner.

Graduates receive carnations from the class officers.

Last Days of School

In those last days, many things happen . . .

There are class parties, and yearbooks to sign...

There is the presentation of academic awards, followed by a "pot luck" dinner and a softball game . . .

And there is the loading of the bus for the very last time that year, when you try to convince yourself that the end of the year is a joyous occasion, but somehow can't quite succeed . . .

We, the Class of '61, have a long road ahead of us. This road will sometimes be smooth, sometimes rough, and sometimes almost impassable.

We want to thank you, Bethany, for the preparation you have given us for this road. You have given us more than enough provisions to travel it. Now it is our duty to use them. Forgive us for the times you have offered to help us prepare and we have turned you down.

Most of all, we want to thank you, Bethany, for the faith in Christ that you have given us. This is the motor that will always keep us moving along life's road toward the goals which we have set while within your halls.

Junior sponsors, Mr. Culp and Mr. Zook, begin working to make the dream of a Senior trip come true for the Juniors.

On September 6, the door of our Junior year swung open. Sixty-two Juniors entered through it, eagerly anticipating a year crammed with activities. As we look back, we remember the aching feet and tired backs we had after our Fish Fry. This was over-shadowed, however, in knowing that it was a success. We remember, too, the fun of transforming the gym into a land of fantasy for the Junior-Senior Banquet.

Most important, during this year we have been challenged to have a closer fellowship with Christ.

As the door of our Junior year closes behind us, we are looking forward to exploring the realms of seniority next year.

YPCA

The YPCA has been very active again this year in promoting Christian service to the students. Our first main project was the "get-acquainted" social at the beginning of the school year, which helped us to renew old friendships and to gain many new friends.

For our annual "Y" financial drive we chose to use our money to help some of our Bethany students to pay their tuition. Our hearts were filled with thankfulness as our goal of $260 was surpassed, and the total amount was $356.

We also sponsored the Christman Banquet and the "all-school" party at the end of the year. We planned for one prayer meeting and one chapel program for each week.

"Your attention, please. There will be a "Y" meeting . . . an announcement by Lamar, Margaret, Rachel, and Dw

Sufficient interest and musical talent have produced an ensemble at Bethany which is in its first stages of becoming an orchestra.

Members are students who have had instrumental lessons or are taking lessons.

Lessons are provided by arrangement with local teachers on the instrument of the students' choice.

The ensemble performed two selections at the annual Christmas Banquet.

Another performance was given in the spring.

Sophomore Girls' Chorus

The thirty-two members of the Sophomore Girls' Chorus are under the directorship of Mr. Lehman. The chorus has the first half hour of each day to spend in singing, learning new songs, and listening to records. This is a good way to start the day. There are three different branches of the Mennonite church represented in this group of girls. Singing at the Christmas program and going to contest were some of the top ambitions of the chorus. The goal of the chorus is to learn more about music so that they can be a better service for the cause of Christ.

The birds of Waterford probably wonder about the strange creatures who stare at them through binoculars. The birds may not know it, but they are very interesting to the Audubon Club's sixteen members. All enjoy the bird hikes.

Last fall the Audubon Club helped to sponsor a lecture by Robert C. Hermes which was entitled "Ranch of the Purple Flower." We enjoyed the binoculars, bird records, and bird books which were bought with some of the proceeds.

Looking back in the past year, we see that the records show some very interesting meetings and activities. The club was privileged to have a few German exchange students speak about German culture and way of life. The school home economics room was used one evening for a "Deutsches Abendessen" prepared by a German cook. During the Christmas season, we went Christmas caroling, and we also learned some German songs which were used in a chapel program.

The main purpose of the Spanish Club is to help its members to better understand and appreciate the Spanish language, people, customs, and culture.

The club has enjoyed many activities this past year. Those who had had two years of Spanish enjoyed the trip to the Spanish mission in Chicago. The whole club enjoyed the trip to Archbold, Ohio, to the Spanish church there. The club also sponsored a Spanish supper and Christmas caroling in the Goshen area. During our club meetings we saw some films, had visiting speakers and a pinata party, and sang together in Spanish.

Radio Club

The objects of our study were inanimate ones; they could not wonder, as did the Audubon Club's birds, about the creatures which observed them.

Every two weeks our club, the Radio Club, met. Under the direction of Mr. Hartman we built several projects, among which were an amplifier, a code oscillator, and a transmitter. We also studied the International Code and radio theory. Building projects and studying codes and theories expanded our horizons of knowledge and made us eager to learn more in the field of radio technology.
